

Benhall St. Mary's C of E Primary School- PE and Sport Premium Plan 2026-2027

Introduction

The PE Premium funding provides an excellent opportunity for the school to further improve its PE provision and to do so in the wider context of the Schools Sport Partnership, fully utilising the skills and experience across the group of schools.

School Vision and Aims

At Benhall, we believe that P.E. allows pupils to gain skills that are applicable across everyday life including teamwork, perseverance and problem solving skills. Pupils will develop their social, emotional and thinking skills throughout topics of P.E. Declarative knowledge and procedural knowledge are taught throughout lessons. As well as developing motor competence, we encourage pupils to take part in competitive games to understand the importance of playing by the rules, to develop strategies and tactics and to understand the feeling of winning and losing. We want children to engage in physical education throughout and beyond their time in school, to develop a love and passion for physical activity and that they can understand the short-term and long-term benefits of exercise.

Key Objectives

For Benhall to achieve and maintain our vision, we will focus on the following areas:

- Ensure pupils participate in high-quality PE lessons that promote skill development and enjoyment.
- Provide a structured programme of intra- and inter-school sports competitions throughout the year.
- Enhance PE delivery through well-trained staff, ensuring consistently high standards across the school.
- Increase opportunities for structured physical activity during school hours, including playtimes and lunchtimes.
- Support pupils' mental health and wellbeing through outdoor activities such as gardening, play, and physical exercise.

- Equip pupils with the skills and confidence to enjoy cycling safely.
- Ensure all pupils meet the DfE's swimming and water safety requirements by the end of Year 6.
- Provide engaging outdoor physical activities tailored to the needs of EYFS pupils.
- Promote the importance of regular physical activity and healthy lifestyle choices.
- Develop and enhance playground spaces to encourage active, reflective, and social interactions during breaks.

Impact of PE and Sport Premium 2025/2026

Area of Spending	Impact
Schools Sports Partnership Subscription	The school participated in a wide range of inter-school sporting competitions and festivals throughout the academic year. Pupils across Key Stage 1 and Key Stage 2 had opportunities to represent the school in events including football, rugby, cross country, swimming and multi-skills festivals. Participation helped develop confidence, teamwork, resilience and enjoyment of competitive sport.
Get Set 4 PE Subscription	The scheme of work continued to provide a progressive and consistent PE curriculum across all year groups. Staff were able to deliver high-quality lessons confidently, ensuring pupils developed both subject knowledge and physical skills as they progressed through the school.
PE Equipment	New equipment enabled pupils to participate safely in a broader range of sporting activities and ensured sufficient resources were available for whole-class participation. Updated resources supported the effective delivery of the PE curriculum.
Travel Costs	Funding for transport ensured pupils could access a variety of sporting competitions and festivals throughout the year, regardless of location. This increased participation opportunities and enabled pupils to experience competition beyond the school environment.

Outdoor Play Equipment	Additional equipment enhanced opportunities for active play during breaktimes and lunchtimes. Pupils demonstrated increased engagement in physical activity, supporting both physical development and positive social interaction.
Extra Swimming Sessions	Additional swimming provision supported pupils who had not yet met national curriculum expectations. Targeted sessions improved swimming competence, confidence and water safety awareness.
Maintenance of Equipment	Regular maintenance ensured that PE and outdoor equipment remained safe, accessible and fit for purpose, supporting the consistent delivery of physical activity opportunities throughout the year.
Subsidised Residential Trips	Financial support enabled pupils from Years 5 and 6 to access residential experiences. These opportunities promoted physical activity, teamwork, independence, resilience and outdoor learning.
External Providers and Sporting Experiences	Pupils benefited from a range of external coaches, workshops and sporting opportunities which enriched the PE curriculum and provided experiences beyond those typically available within school.
Whole School Sporting Experience	All pupils participated in a whole-school sporting experience, providing opportunities to engage with high-quality sporting environments and inspiring them to develop a lifelong interest in physical activity and sport.

Meeting National Curriculum Requirements for Swimming and Water Safety

Data from 2025/26 when swimming in Year 6

Measure	Percentage
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	87.5%
What percentage of your current Year 6 cohort use a range of strokes effectively (for example, front crawl, backstroke and breaststroke)?	87.5%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	87.5%

Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	Yes
